ABOUT ZOOM TECHNOLOGIES

Zoom Technologies is a full service **security & data networking solutions** provider. Zoom design's, develop, train, and deploys state - of - the - art data security and network solutions that are best suited to the needs of our customers

Zoom Technologies is the **largest training centre for network professionals in** India. Thousands of people have benefited from our courses in WAN Solutions, Network security Solutions, Network operating systems, etc. At ZOOM'S Training centre, a broad range of Networking courses are available to help you develop the expertise needed to build and maintain a strategic, scalable, corporate wide Network.

Our faculties are not people who are mere academics, but are networking experts who also teach and draw on their rich real time experience to help students understand the practical issues in designing and implementing network solutions.

We guarantee a world-class learning environment, including instructors, technical and administrative support, classrooms, and equipment.

With an unbeaten combination of the **best faculty**, the **best programs**, the **best equipment** and the **best price**, ZOOM can help you improve your skills in a way no one else can.

SPECIAL OFFER'S

(Classroom Based Training Program)

Currently we have the following special offers.

PACKAGE COURSE

1. **MCSA – Windows server 2012**
1 month (104 hours including practicals)
2. **CCNA v3 (Routing & Switching)**
1 month (104 hours including practicals)
3. **Linux**
2 weeks (52 hours including practicals)
4. **Networking and Security**
5. **Emerging Technologies - An Insight**

5 Courses for just
Rs. 5,900.00 + 18%
Goods & Service Tax =
Rs. 6,962.00

Price in USD = 113*

* Rates are quoted in U.S. dollars are subject to change according to Foreign Exchange rates.

Duration:

The package course can be completed in 30/45/60/75 days by taking parallel classes.

Example:

If you take MCSE in the morning batch, Linux in the afternoon and CCNA in the evening then the course will get over in 30 days. If you take classes only in morning and afternoon then it will take 45 days.

Note / Recommendation:

To be able to concentrate and have a proper grasp on the subject we recommend that the minimum duration should be 60 or 90 days.

CISCO TRACK – 1 (Classroom based Training)

1. **CCNA v3 (Routing & Switching)**
1 month (104 hours including practicals)
2. **CCNP (Routing & Switching)**
1 month (130 hours including practicals)

2 Courses for just
Rs. 9,000.00 + 18%
Goods & Service Tax =
Rs. 11,137.00

Total Duration:

The package course can be completed in 60 days.

Price in USD = 173*
* Rates are quoted in U.S. dollars are subject to change according to Foreign Exchange rates.

CISCO TRACK – 2 (Classroom based training)

1. **CCNA v3 (Routing & Switching)**
1 month (104 hours including practicals)
2. **CCNP (Routing & Switching)**
1 month (130 hours including practicals)
3. **CCIE (Routing & Switching)**
1 month (156 hours including practicals)

3 Courses for just
Rs. 30,500.00 + 18%
Goods & Service Tax =
Rs. 35,990.00

Total Duration:

The package course can be completed in 90 days.

Price in USD = 581*
* Rates are quoted in U.S. dollars are subject to change according to Foreign Exchange rates.

CISCO TRACK– 3 (Classroom based training)

1. **CCNP**
1 month (130 hours including practicals)
2. **CCIE**
1 month (156 hours including practicals)

2 Courses for just
Rs. 28,000.00 + 18%
Goods & Service Tax =
Rs. 33,040.00

Total Duration:

The package course can be completed in 60 days.

Price in USD = 533*
* Rates are quoted in U.S. dollars are subject to change according to Foreign Exchange rates.

CISCO SECURITY TRACK (Classroom based training)

1. **CCNA Security**
2 weeks (52 hours including practicals)
2. **Cisco ASA Firewall – CCNP Security**
2 weeks (52 hours including practicals)

2 Courses for just
Rs. 10,500.00 + 18%
Goods & Service Tax =
Rs. 12,390.00

Total Duration:

The package course can be completed in 30 days.

Price in USD = 200*
* Rates are quoted in U.S. dollars are subject to change according to Foreign Exchange rates.

LINUX TRACK (Classroom based training)

- 1. **Linux**
2 weeks (52 hours including practicals)
- 2. **Advanced Linux**
2 weeks (59 hours including practicals)

2 Courses for just
Rs. 4,000.00 + 18%
Goods & Service Tax =
Rs. 4,950.00

Total Duration:

The package course can be completed in 30 days.

Price in USD = 77*
* Rates are quoted in U.S. dollars are subject to change according to Foreign Exchange rates.

ADMISSION PROCEDURE FOR INTERNATIONAL STUDENTS

FOR CLASSROOM TRAINING AND COURSE FEE

Registration:

All international students are required to register by paying an admission fee of INR 7,000/- (Approx \$ 109 US). Apart from this, students must make a full payment of the course fee for the classroom course they intend to join.

An invitation letter will be issued to the prospective student only on receipt of the full admission and course fees. In case the visa application is denied by the Indian embassy, the course fee would be adjusted against the Online Training (Minus service tax and bank charges). The admission fee is non-refundable.

Please check our classroom course offerings:

ONLINE TRAINING – COMPLETE DETAILS

Online Training @ Zoom is a cost effective method of learning new networking skills from the convenience of your home/work. Professionals need to constantly update their skill portfolios to stay relevant in today's fast changing world. Taking an online training course has many advantages for everyone (Fresher / Working Professional).

Teaching is in English language with a natural accent.

1. Online Training is just a few mouse clicks away (**access via Internet**)
2. **No travel required:** For overseas Students there are no Visa hassles
3. **Convenience:** Training can be accessed from anywhere – Work, Home or even on the road
4. **Highly cost effective :**(Travel + Accommodation cost = **0000\$**)
5. **Easy to use :** Uses either a standard web browser or a client agent
6. Dynamic content makes it highly interesting and fun to use
7. We will email you the training material links. The material will have two sections: theory class presentations and lab manual. The material will be provided free of cost for online training.
 - **Theory class presentation:** Copy of all the presentations using by instructor during the class session.
 - **Lab manual:** Complete lab guide with step by step instructions for the lab practice.
8. Requirements: A personal computer with microphone and speakers connected to Internet. A 256 Kbps internet speed will be good enough for the online class.
9. Online labs are also available for your practice. You can practice all the labs online.
10. The theory class will be for approximately 2 hours every day.

Zoom offers online training for the highly coveted CCNA, CCNP & CCIE courses in R&S track, with more courses planned for the near future. This is an instructor led course, using **Cisco WebEx**.

Online Learning Methods

We offer two types of online learning methods to suit different training requirements, time schedules and budgets. These are live, instructor lead sessions delivered in real time over Webex.

Online Classroom (Classroom Training Broadcasted Live – Fixed Timing)

This is our basic online offering. It is an easy way to join a live classroom session. Students can log in from their homes and virtually join the class on Webex. The classroom session will be streamed online for the online classroom subscribers. The instructor will be simultaneously teaching a physical and online class. **After the session ends, the instructor will take questions from the students and clarify any doubts.**

Online Premium

This is our premium online offering. The instructor will exclusively teach Online Premium students in a live Webex session. Course times are optimised for students from the USA, Europe, Australia and the Middle East. Online lab access is available to practice exercises and instructor will be on hand to help students through the exercises. Course timings and content can also be customised as per requirements (charges extra).

Comparison between Online Classroom (Classroom Broadcasted Live – Fixed Timings) and Online Premium (Exclusive one to one interactive training at student’s convenient time)

	Online Classroom	Online Premium
Live Instructor	✓	✓
Interactive	✓	✓
Online Access to Courseware (Lab Manual, Presentation)	✓	✓
Access to Recorded Session	✓	✓
Online Exclusive Instructor	✗	✓
Online Lab Access	✗	✓
Customised Class Times	✗	✓ (Charges Extra)
