

Zoom technologies, network and security experts for over a decade trains around 1,000 students every month across Hyderabad. We are an organization which has already trained over one hundred thousand engineers.

Why Zoom?

Zoom offers all that is crucial to become a thorough networking professional.

Equipment physically available: It's not a virtual set up, rather a live WAN/LAN setup with equipments like Cisco routers, Switches, MUXs, DSU, CSU and Telco devices comparable to the best labs in the world. The courses offered are not just vendor-driven, but also technology-driven. So, even saying our labs are world-class or state-of-the-art would be an understatement.

Training under industry experts: Most importantly the faculty who teach here are not mere academicians, but real networking experts who are involved in live projects. All this at an affordable price.

Zoom education academy has a reputation in providing quality IT training and is the most preferred institution for students and professionals from such countries as Europe, Middle-East, Africa, Australasia and a large part of Indians working in US who come to India to upgrade their skills.

Only lab in Andhra Pradesh with CCIEV4 (latest version) Cisco-prescribed equipment.

More than 30 routers and switches are physically available for students and not just virtual access.

At Zoom technologies, hands-on experience with key components like switches, high-end routers, telco devices, MUXs, CSU & DSU which are crucial during the learning process, give students the much-needed practical exposure.

FROM THE HORSE' MOUTH

Our faculties are not mere academicians, rather true network professionals involved in real-time projects. Zoom technologies boasts of a team of over 250 highly qualified engineers working on live projects. These industry experts have trained several CCIEs for over a decade now.

MCSE-2012

Microsoft Certified Solutions Expert [MCSE] Server Infrastructure
 Practicals on Real time Environment. Detail Curriculum with all 5 papers
 Duration : 1 Month (starts on 15th of every month)
 Batches : Morning : 8.30 to 10.30, Afternoon : 2.00 to 4.00, Evening : 7.30 to 9.30

CCNA v 2.0

CISCO CERTIFIED NETWORK ASSOCIATE
 Cisco Routers with BSNL/TELCO MUX & Live Channelised E1
 Duration : 15 Days (starts on 15th & 30th of every month)
 Batches : Morning : 8.30 to 10.30, Afternoon : 2.00 to 4.00, Evening : 7.30 to 9.30

RHCE LINUX / UNIX

COMPLETE RHCE LINUX
 Duration : 3 Weeks (starts on 15th / 30th of every month)
 Batches : Morning : 8.30 to 10.30, Afternoon : 2.00 to 4.00, Evening : 7.30 to 9.30

FIREWALL + INTRO TO ETHICAL HACKING

Duration : 1 Week (starts on 7th of every month)
 Batches : Morning : 8.30 to 10.30, Afternoon : 2.00 to 4.00, Evening : 7.30 to 9.30

PC HARDWARE & NETWORKING

Duration : 1 Week (starts on 7th, 15th, 23rd & 30th of every month)
 Batches : Morning : 8.30 to 10.30, Afternoon : 2.00 to 4.00, Evening : 7.30 to 9.30

Fee : 5,900/-
 + 12.36% Service Tax

**COURSES
 DURATION &
 SCHEDULES**

EXCHANGE SERVER - 2013

Duration : 2 Week (Starts on 15th and 30th of every month)
 Batches : Morning : 8.30 to 10.30, Afternoon : 2.00 to 4.00, Evening : 7.30 to 9.30

Fees : 3,500/-
 + 12.36 % Service Tax

CCNP (Pre requisite is CCNA)

CISCO CERTIFIED NETWORK PROFESSIONAL
 Duration : 1 Month (starts on 15th of every Month)
 Batches : Morning : 7.30, Evening : 6.00

Fees : 5,500/-
 + 12.36 % Service Tax

CCIE (Pre requisite is CCNA & CCNP)

How about a thorough course at an economical price? Zoom Technologies offers you the best training at an affordable price. The courses are designed in line with the industry standards so as to prepare students for the real world.

ZOOM

TECHNOLOGIES

State-of-the-art infrastructure, experienced faculty, live environment...you name it and Zoom's got it. Zoom is way ahead of any training academy when it comes to imparting practical knowledge. The well-equipped labs with the most sophisticated equipments are what gives students working knowledge of the subject.

These facilities are available in all our centres situated in most accessible locations of Hyderabad: Ameerpet, Banjara Hills, Secunderabad and Dilsukh Nagar.

Learn how to configure routers, know how to set up LAN and WAN, troubleshooting and all that it takes to be a thorough professional. So, what are you waiting for?

Get trained by the best in the industry and watch your career take off with a 'zoom!'
