

ZOOM

TECHNOLOGIES

A leading European provider of unified security - Netasq, part of the EADS group which also owns airbus industries, announced its formal operations in India.

ZOOM & NETASQ

A distribution agreement was signed with Zoom Technologies, a leading IT solutions company in India to offer its products and solutions in the Indian sub-continent.

A 24/7 support centre was established as well as a logistics facility to provide its customers the world-class support that Netasq is famous for worldwide.

The product is already deployed in several critical installations in India such as Defence, Navy, Atomic energy etc. etc. to name a few.
